ClaraClean® Eco system

Sustainability

Dear reader

First, we are proud to be here in UAE for almost 12 years. And to serve you in all cleaning aspects.

The DRiZZ® spray mop tool turned to be the #1 cleaning tool in UAE. Most of the malls and a lot of other buildings and hospitals use this efficient watersaving tool.

With AVATAR the new ozone water generator AVETCARE even gets to the next level. Plastic and chemical free cleaning! No more cleaning detergents for a better environment! Have a look at it or ask for a free demonstration.

ClaraClean® cleaning textiles and conceptions represent the latest developments in highly efficient cleaning. Both washable and disposable for an even higher hygiene.

AVETCARE Middle East LLC has its warehouses and stocks in Dubai ready to serve you.

Take your step and profit from the AVETCARE Excellence Service and of course individual consulting on all sites and cleaning challenges.

Let's make UAE's cleaning even cleaner, chemical-free, and sustainable.

Kind regards

Farrukh Yousaf

DRiZZ® Spray mop system

#1 UAE cleaning tool

DRiZZ™ Spraymop

Save water,
save the planet!

ClaraClean™ Green!

watch movie

Just a few simple pump movements are sufficient to build up full pressure.

Slight pressure on the ergonomic SoftTouch suffices to start the DRiZZ®.

Calculated spray angle for the optimal moisturization of the mop textile

Flat and lightweight Ecoquick holder for simple and precise gliding (including corners)

SoftTouch spray release.
Ergonomical DRiZZ™ grip for easiest system control.
Integrated falling down protection.

High value legation of shape stable aluminium.

Easy pumping for complete pressurized bottle.
Complete emptying construction.
Simple exchange.

Shock absorbent. Reliable self-protection stainless steel pin for constant liquid release.

Flat and stable construction.
SpotPoint for additional pressure to remove hard resistant dirt.
Optimized sprayangle. Specially formed clett racks for a longtime fixing of ClaraClean® high performance textiles.
